 ORDER NO. 645

## APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,  
 and do hereby grant the same, subject to the following limitations and  
 conditions:

This permit is issued subject to all existing rights on the  
 source. If well is flowing, a valve must be installed and maintained  
 to prevent waste. No right is given under this permit to maintain the  
 water level in permittees well at any level higher than that necessary  
 for a reasonable pumping lift. This source is located within an area  
 designated by the State Engineer pursuant to Section 4 of the Under-  
 ground Water Act; therefore the State reserves the right to regulate  
 the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount  
 which can be applied to beneficial use, and not to exceed 0.08  
 cubic foot per second.

Actual construction work shall begin on or before August 2, 1950

Proof of commencement of work shall be filed before September 2, 1950

Work must be prosecuted with reasonable diligence and be completed on or  
 before August 2, 1951

Proof of completion of work shall be filed before September 2, 1951

Application of water to beneficial use shall be made on or before  
 August 2, 1952

Proof of the application of water to beneficial  
 use must be filed with State Engineer on or before September 2, 1952
